Nationwide Securities, LLC
(A Wholly-Owned subsidiary of NFS Distributors, Inc.)
Notes to December 31, 2022 Financial Statements

(1) Nature of Operations

Nationwide Securities, LLC ("the Company") is a wholly-owned subsidiary of Nationwide Financial Services Distributors, Inc. ("NFSDI"), which in turn is a wholly-owned subsidiary of Nationwide Financial Services, Inc. ("NFS"). NFS is a holding company formed by Nationwide Corporation, a majority-owned subsidiary of Nationwide Mutual Insurance Company ("NMIC"). The Company is a registered broker-dealer in securities under the Securities Exchange Act of 1934 and is a registered investment advisor under the Investment Advisers Act of 1940. The Company is a member of the Financial Industry Regulatory Authority, Inc. ("FINRA") and the Securities Investor Protection Corporation. The Company is exempt from the provisions of Rule 15c3-3 (Customer Protection) under the Securities Exchange Act of 1934, in that the Company's activities are limited to those set forth in the conditions for exemption appearing in paragraphs (k)(2)(ii) of that rule and the Company's other business activities contemplated by Footnote 74 of the SEC Release No. 34-70073 adopting amendments to 17 C.F. R. §240.17a-5 are limited to (1) effecting securities transactions via subscriptions on a subscription way basis where the funds are payable to the issuer or its agent and not to the Company and the Company did not (a) directly or indirectly receive, hold or otherwise own funds or securities to customers, (b) carry accounts of or for customers and (c) carry PAB accounts throughout the most recent fiscal year. To qualify for the exemption under paragraph (k)(2)(ii), the Company must clear customer transactions through the clearing broker-dealer, Pershing LLC, on a fully-disclosed basis. The Company is prohibited from carrying customer accounts and must promptly transmit all customer funds and securities received in connection with its broker-dealer activities to its clearing broker-dealer.

The Company is currently registered in all 50 states and the District of Columbia. The Company engages in the distribution of variable life insurance policies, variable annuities, mutual funds and general securities through independent agents and direct channel. The Company is the underwriter and distributor of variable life insurance policies and variable annuity contracts issued by NFS' subsidiaries Nationwide Life Insurance Company ("NLIC") and Nationwide Life and Annuity Company ("NLAIC").

The Company collects commissions for Nationwide Financial General Agency Inc. ("NFGA"), a wholly-owned subsidiary of NFSDI, through its National Securities Clearing Corporation account, on a pass-through basis, and remits the amounts to NFGA monthly. Any amounts due to NFGA as of the reporting date are included in Payable to affiliates on the Statement of Financial Condition.

(2) Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements were prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying footnotes. Actual results could differ from those estimates.

Cash

Cash consists of cash deposited in noninterest-bearing accounts.

Receivables

The amounts shown for all receivables represent their estimated future realizable balances. The receivables are short-term in nature, with substantially all balances expected to be received within a three month period.

Recognition of Revenue and Expenses

The Company records commission revenue based on the sales of variable products of affiliates on which commissions are paid to its registered representatives. This revenue, which is based on agreed upon commission rates, is recognized when the Company's performance obligation is satisfied and recorded as Revenue from sales of variable products of affiliates on the Statement of Operations. Within the contractual agreement, the performance obligation for the Company is to distribute variable products. Certain commission revenue is considered constrained, variable revenue within Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 606 as there is low distribution predictive value at contract inception. The uncertainty is dependent on the account value at future points in time as well as the length of time and whether the policy remains in force, all of which are highly susceptible to factors outside the Company's influence. The Company does not believe that it can overcome this constraint until the account value and the investor activities are known, which are usually monthly. Other commission revenue is earned at the time of purchase by investor and is recorded monthly. As the Company is primarily responsible for fulfilling these sales, they represent the principal of this relationship and record the associated revenue on a gross basis. Commission expense and related service fees are expensed when incurred and reported as Registered representatives' compensation from sales of variable products of affiliates on the Statement of Operations.

Nationwide Securities, LLC
(A Wholly-Owned subsidiary of NFS Distributors, Inc.)
Notes to December 31, 2022 Financial Statements

The Company receives revenue from securities and mutual funds transactions that are not associated with a registered representative and for which no commission expense is incurred. Within the contractual agreement, the performance obligation for NSLLC is to distribute. This revenue is recognized when NSLLC's performance obligation is satisfied, on a settlement date basis and is reported on the Statement of Operations as Revenue from sales of non-commissionable securities. The difference between trade date and settlement date accounting is not material. Certain non-commissionable revenue is considered constrained, variable revenue within FASB ASC 606 as there is low predictive value at contract inception. The uncertainty is dependent on the account value at future points in time as well as the length of time and whether the policy remains in force, all of which are highly susceptible to factors outside the Company's influence. The Company does not believe that it can overcome this constraint until the account value and the investor activities are known, which are usually monthly. Other non-commissionable revenue is earned at the time of purchase by the investor and is recorded monthly.

The Company has no remaining performance obligations to satisfy related to revenue from contracts with customers that has been recognized as of December 31, 2022.

All expenses are recognized in the period incurred.

Concentrations of Credit Risk

In the normal course of business, the Company is involved in the execution and settlement of various customer securities transactions for which it earns revenue. The Company seeks to control the risks associated with these activities by not financing customer transactions and by selling investment products of institutions which the Company believes are financially sound.

Income Taxes

The Company is a single member limited liability company and thus, is considered and treated as a disregarded entity for federal income tax purposes. Therefore, no provision or liability for income taxes has been included in the financial statements. All of the Company's taxable income and expenses are included in the income and expense of its single member parent.

In August 2022, the Inflation Reduction Act of 2022 ("Act") was passed by the US Congress and signed into law. The Act includes a new Federal corporate alternative minimum tax ("CAMT"), effective in 2023, that is based on the adjusted financial statement income set forth on the applicable financial statement of an applicable corporation. The Company is a disregarded entity for federal income tax purposes and therefore is not impacted by the CAMT.

(3) Net Capital Requirements

The Company, as a registered broker-dealer of securities, is subject to the Securities and Exchange Commission Uniform Net Capital Rule 15c3-1 ("the Rule"). Accordingly, the Company is required to maintain minimum net capital, as defined under such provisions, of the greater of \$5,000 or 1/15th of aggregate indebtedness, as those terms are defined in the Rule. The minimum net capital requirement was \$70,527 on December 31, 2022. The Rule also requires that aggregate indebtedness shall not exceed fifteen times net capital.

On December 31, 2022, the Company exceeded the FINRA minimum net capital by \$8,867,438. In addition, the Company's aggregate indebtedness was 11.8% of net capital. As such, both elements of the net capital requirements were met.

(4) Related Party Transactions

The Company has entered into cost sharing agreements with NMIC and other affiliates as part of its ongoing operations. Expenses covered under the agreements are subject to allocation among NMIC and those affiliates. The criteria used to allocate expenses among companies include individual employee estimates of time spent, special cost studies and other methods agreed upon by participating companies.

For the year ended December 31, 2022, the Payable to affiliates balance includes \$623,214 of current month's expenses charged to the Company under its cost sharing agreement, and \$417,803 of fixed sales commissions that the Company collected for NFGA. The Compensation and benefits and Other operating expenses recorded in the Statement of Operations were incurred under the aforementioned agreement. The Payable to affiliates is settled in cash on a monthly basis.

The Company received a \$3,000,000 capital contribution from NFSDI for the year ended December 31, 2022, to continue to support the Company's net capital requirements.

Nationwide Securities, LLC
(A Wholly-Owned subsidiary of NFS Distributors, Inc.)
Notes to December 31, 2022 Financial Statements

During 2022, the Company reported revenue and related commission expense and service fees for sales of the following affiliated companies' products:

	Revenues	Registered Representatives' Compensation
NLIC and NLAIC variable annuities	\$ 1,160,983	\$ 1,160,923
NLIC and NLAIC variable life	829,810	829,810
Total	\$ 1,990,793	\$ 1,990,733

Trail commissions associated with affiliated products of \$514,508 are included in Revenue from sales of non-commissionable securities on the Statement of Operations.

(5) Employee Benefit Plan

Full time equivalent employees allocated to the Company participate in several benefit plans sponsored by NMIC, for which the Company has no legal obligations. Expenses are allocated to the companies who employ participants.

(6) Agreement with Clearing Broker-Dealer

The Company has entered into an agreement with an unaffiliated broker-dealer to execute securities transactions on behalf of its customers. The Company fully discloses this arrangement to its customers. The clearing broker remits commission revenue to the Company, net of fees for clearing and other services. The Company is subject to off-balance-sheet risk in that it is responsible for losses incurred by the clearing broker that result from a customer's failure to complete securities transactions as provided for in the agreement. No provision for losses has been recorded in the financial statements relating to these transactions based on management's analysis of this exposure as of December 31, 2022.

(7) Contingencies

The Company is subject to legal and regulatory proceedings in the ordinary course of its business. These include proceedings specific to the Company and proceedings generally applicable to business practices in the industries in which the Company operates. The outcomes of these proceedings cannot be predicted due to their complexity, scope and many uncertainties. The Company believes, however, that based on currently known information, the ultimate outcome of all pending legal and regulatory proceedings is not likely to have a material adverse effect on the Company's financial position.

The Company is subject to oversight by federal and state regulatory entities. Such regulatory entities may, in the normal course, be engaged in general or targeted inquiries, examinations and investigations of the Company and/or its affiliates. With respect to all such scrutiny directed at the Company or its affiliates, the Company cooperates with regulators.

(8) Subsequent Events

The Company evaluated subsequent events through March 7, 2023, the date at which the financial statements were issued, and determined there were no additional items to disclose.

To the Board of Managers
Nationwide Securities, LLC:

We have reviewed management's statements, included in the accompanying Nationwide Securities, LLC 2022 Exemption Report (the Exemption Report), in which Nationwide Securities, LLC (the Company) identified the following provisions of 17 C.F.R. § 240.15c3-3(k)(2) under which the Company claimed an exemption from 17 C.F.R. § 240.15c3-3(k)(2)(ii), and is filing the exemption report pursuant to footnote 74 of SEC Release No. 34-70073 adopting amendments to 17 C.F.R. § 240.17a-5 because the Company's other business activities are limited to effecting securities via subscriptions on a subscription way basis where the funds are payable to the issuer or its agent and not to the Company, and the Company (1) did not directly or indirectly receive, hold, or otherwise owe funds or securities for or to customers, other than funds received and promptly transmitted for effecting transactions via subscriptions on a subscription way basis where the funds are payable to the issuer or its agent and not to the Company; (2) did not carry accounts of or for customers; and (3) did not carry PAB accounts (as defined in Rule 15c3-3) (together, the exemption provisions). We have also reviewed management's statements, included in the Exemption Report, in which the Company stated that it met the identified exemption provisions throughout the year ended December 31, 2022 except as described in its Exemption Report. The Company's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

The accompanying Exemption Report includes a statement that the Company met the exemption provisions, except as described in its Exemption Report. During our review, we have identified 1,493 instances during the year ended December 31, 2022, in which the Company did not promptly remit all funds and securities received from customers in accordance with the identified exemption provisions. Because of these exceptions, we believe the statement in the Exemption Report was required to be modified and the exceptions were required to be disclosed in the Exemption Report.

Based on our review, with the exception of the matters described in the preceding paragraph, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934 and pursuant to footnote 74 of SEC Release No. 34-70073 adopting amendments to 17 C.F.R. § 240.17a-5.
